DETAILED ACTION

1. This is responsive to the amendment filed 2/17/04. Claims 1-15 have been cancelled. Claims 16-28 have been newly added.
2. Claims 16-28 are objected to because of the following informalities:
 - A. As per claim 16, at line 12 "process" should be --processing--.
 - B. As per claim 24, at line 12 delete "a" (first occurrence).
 - C. All claims depending from an objected base claim are also objected to as containing the same deficiencies.
3. Claim 26 is rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the supply of information corresponding to a given geographic location, does not reasonably provide enablement for an additional memory unit (26) *for storing information intended for providing statistics* (emphasis added). The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention commensurate in scope with this claim. In particular, the specification lacks any disclosure or suggestion as to what the statistics stored in the memory unit pertain to and/or how they are used by the disclosed invention.
4. Claims 16-25 and 27-28 are distinguishable over the prior art. Newly added claim 16 includes the distinguishing features of previous claim 6 and newly added claim 24 includes the distinguishing features of previous claim 10. Dependent claims 17-23, 25, 27 and 28 are distinguishable for at least the same reasons.

5. **REMARKS**

Claim 26 corresponds to previous claim 12 and thus suffers the same deficiency as noted in the first Office action and repeated above. Applicant has not set forth any arguments disputing the rejection or presented a new claim in conformance with 35 U.S.C. 112, first paragraph.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

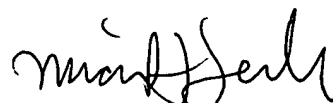

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Zanelli whose telephone number is (703) 305-9756. The examiner can normally be reached on Monday-Thursday 5:30 AM - 4:00 PM.
